

Bill Jeorling - Design Excellence Award – Gold : Specialty Interior, RA Sushi Bar Restaurant

“Bill Jeorling was responsible for developing the Architectural Design Studio for our RA Sushi concept. As a successful Director of this corporate division, Mr. Jeorling maintained the highest level of professionalism, communication and design. He has a constant eye on the development of each project and follow through with attention to detail.”

“He is able to continually refresh the concept without losing brand, communicates with the contractors as an equal, understand the requirements and functional flows of operations and provides exceptional designs that maintain budget”

- Juan Garcia : President, Benihana Inc. '09

“Bill Jeorling stands out as one of the few who posses the skill and amplitude for successfully combining the structural and mechanical elements into his unique and creative restaurant projects. Bill has always worked well as a team member with our field superintendants along with the many tradesman.”

- Dean Olivieri : President, Olivieri Construction Co. '09

“Design, engineering, structural considerations, zero tolerance schedules and permitting are just a few of the challenges. On numerous occasions I have seen Bill Jeorling supersede all expectations.”

- Brian DuMaine : President, Impressions Architectural '08

“What impressed me most about Bill’s untiring search for ‘New and Better’ was his creativity, and his built-in ability to impress every project by raising it to new more exciting levels. . Bill fit as among the best in the trade.”

- Henry Hirsch : CEO Hirsch Engineering '09
